

Breast Cancer Support Group Sussex

Dates
For Your Diary

Hello Ladies

I hope you all enjoyed your Easter Break and are now looking forward to the summer months.

May 15th. Just a reminder to you all that we have **Dr Richard Simcock** coming along to our group to give us a talk on all the latest developments on Breast Cancer. As you all know we have not had Dr Simcock for some time at our group and this gives us all a chance to find out more about the latest techniques, drugs and trials that are now being developed. You will also be able to ask Dr Simcock any concerns or questions you may have.

19th June At our meeting in June, we have Pam Galton and Rebecca Spencer both Breast Cancer Nurses who work side by side with the Plastic Surgeons from the Queen Victoria Hospital in East Grinstead. I was at a meeting with them both recently and it was so interesting to hear about all the new techniques of Reconstruction that the Plastic Surgeons are now doing. It was such an interesting evening that I asked both Pam and Rebecca to come along to our group and talk to us.

17th June Pink Stall at Blakers Park Yes, it's that time again so please may we have some volunteers to wrap or help on the stall that day. Also to bring pink things for the stall. Please give your name to either Gwen, Pat or myself if you can find a little bit of time to help.

As I am sure you will all appreciate it is not easy to ask our professional medical people to give up their private time to come and talk to us, so when they do come along it is so nice to show our appreciation by having a big turnout for them. So I would ask you all to do your level best to be at our two next meetings to support our speakers. So ladies, I look forward to seeing as many of you as possible on **Monday 15th May**.

Best Wishes

Joyce
